Hi David,

Thanks for letting me know!

Lisa

Hi Ron,

I wanted to let you know that I will not be attending the GWPC meeting next month. I don't believe anyone from CA will be there either. We don't see that the timing is good for a discussion of CA issues. If we don't talk before, I can give you a status update later this month to fill you in on where things stand prior to the meeting. David

Hi David,

Joe Tiago may have already spoken with you. I think California staff would find the aquifer exemption discussions helpful. There is a separate states-only discussion that they may want to join on Sunday. The other states would certainly be interested in the California situation.

Hi Ron,

I'm considering whether it would be useful to go to the GWPC meeting in Washington next month. My understanding is that there may be some opportunity for discussion between EPA and the states on aquifer exemptions. I see that Peter is on the agenda and am wondering whether you are also going and whether anything has been scheduled regarding aquifer exemptions. I may try to get someone from CA DOGGR to come if there is going to be a good forum. The agenda on the website indicates there is a "state only" meeting on aquifer exemptions (and ASR). Thanks for any information. David
